Bob Ross looked st you with hunger in his eye

he lyed u down, naked, and said

"i'm going to paint you like one of my happy little trees"

"okay" you breathed out

you watched him paint with that stunning titanium white, a fluffy
puff of hair right between the valley of ur breasts

u recognized that hair, it was the hair of the one and only komaeda
nagito

fear suddenly flooded ur entire body

"b-b-bob... what.." but bob wasn't there anymore

where once has sat beautiful bob ross, was now an atrocious (but
strangely sexy) clown. You immediately recognized him. it was
pennywise the dancing clown.

"you bastard!" you spat out, jumping up. "where is bobby boy?"

pennywise just laughed.

"you know i had to do it to em"
